

Zips Camera

Display, security, and quick access to power for today's cameras

Fast. Secure. Economical.

Zips Camera is unique since it provides access to the camera battery chamber and OEM battery by unlocking the metallic shuttle on the sensor. The OEM camera battery is also electronically

secured once the metal shuttle is locked back into the sensor. This way, the OEM battery can securely be used to power the camera on display for weeks at a time between charging.

PERFECTLY DISPLAYS POINT-AND-SHOOT AND DSLR CAMERAS

- 1 Adjustable mount ensures merchandise is easily centered.
- 2 Adjustable stand supports large DSLR lenses.
- 3 Available with lens sensor for DSLR cameras.
- 4 Flashing red LED indicates system is providing alarming protection.

EXTREMELY EASY TO USE

- 1 Locking shuttle provides access to OEM battery for bi-weekly charging and secures the battery while on display.
- 2 IR interface is always accessible.
- 3 Sensor cable designed for daily removal.

**ALLOWS GREAT CUSTOMER INTERACTION**

- 4 "Open Air" cable allows full interaction with the merchandise.
- 5 Magnetic seat ensures camera will be left in perfect orientation.

A storewide single key solution to increase profits.

OneKEY[™]
ecosystem

The Zips camera is part of the exclusive InVue OneKEY ecosystem[™], a storewide single key solution that improves customer service, increases sales and provides high theft protection.
